Total Number of Households with Children Served***		140	100	342
Total number of unduplicated HMIS records**** for all clients***		1,011	1,045	2,664

Notes: \*\*Literally Homeless at Entry" status remains constant regardless of current homeless status and includes adults only. The US Dept. of Housing & Urban Development defines literal homelessness as a person or family who live in a place not meant for human habitation (including the streets or in their car), emergency shelter, transitional housing, and hotels paid for by a government or charitable organization.

\*\*The Emergency Shelters included for the Length of Stay are: The Salvation Army Peninsula, The Salvation Army Williamsburg, HELP House, HELP A Night's Welcome, LINK Veteran's Emergency Shelter, LINK VA Medical Respite, LINK PORT, Menchville House Emergency Shelter, and HNNCSB Emergency (2016)

\*\*\*Duplication: Clients and Households will be counted each month their record is open, so it would be inappropriate to add the YTD and MTD together (Clients and Households are unduplicated for YTD totals)

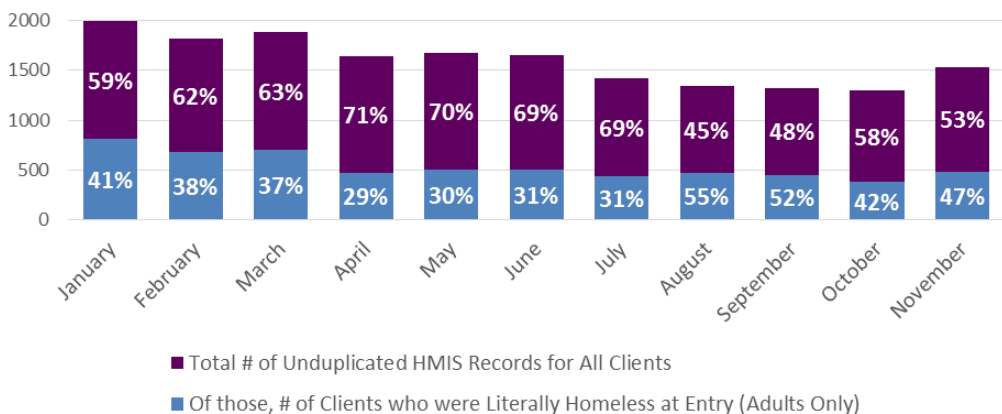

\*\*\*\*"HMIS Record" is client level data for any individual served within the reporting period

**New HMIS Data Standards went into effect October 1, 2015, which impacted the number of literally homeless individuals identified.**
