Note: *Duplication: Clients and Households will be counted each month their record is open (unduplicated for YTD totals)

***"Literally Homeless at Entry" status remains constant regardless of current homeless status and includes adults only

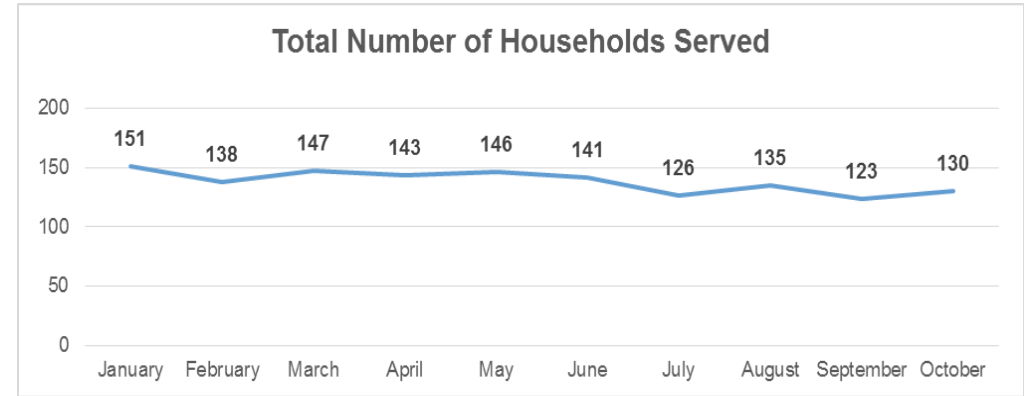

The US Dept. of Housing & Urban Development defines literal homelessness as a person or family who live in a place not meant for human habitation (including the streets or in their car), emergency shelter, transitional housing, and hotels paid for by a government or charitable organization.

****"HMIS Record" is client level data for any individual served within the reporting period;

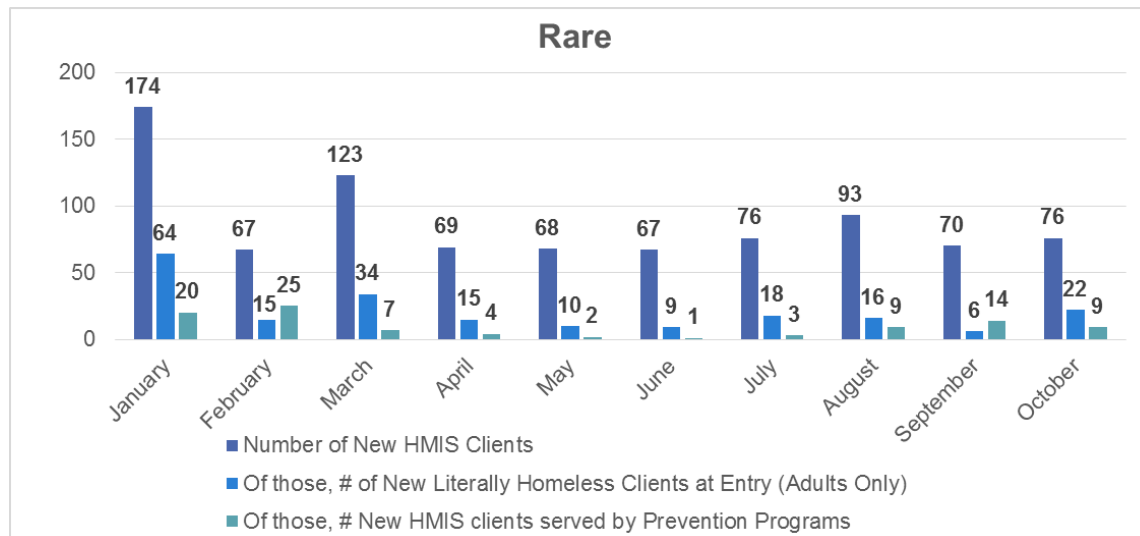

New HMIS Data Standards went into effect October 1, 2015, which impacted the number of literally homeless individuals identified.
